

## Installation

- 1 Open the Plejd app.
- 2 Press any button on the WPH-01 to activate it (remains active for 60 seconds). Add the unit in the app and follow the installation steps.
- 3 Pull out the rocker switch and loosen the screw for the center plate. Mount the WPH-01 with tape or screw.  
**For tape:** check range by testing functionality from its intended location before taping the WPH-01 in place.
- 4 Mount cover frame, screw in center plate and click the desired rocker switch into place.
