# Gateway

### GWY-01

The Gateway bridges the user's Plejd mesh with the Internet, allowing control of the Plejd system regardless of where the user is situated.

- Enables remote control.
- Protects time functions in the event of power outages.
- Connected via power adapter to wall sockets and via Ethernet to a local network.
- Installed in the Plejd app and becomes part of the existing mesh network.
- Enables integration with third-party systems, such as Google Home.

works with
**Google** Assistant

---

**MAINS ADAPTER**
Powered through included USB-C adapter.

**POWER CONSUMPTION**
0.6 W

**EXTERNAL OPERATING TEMPERATURE**
0 to +35 °C

**DIMENSIONS**
70x70x20 mm
