Rotary adapter

RTR-01

|					
Elko white	*Schneider white*	*Elko black*	*Schneider anthracite*	*Renova white*	*Renova black*

Rotary adapter snaps together with any Plejd puck and then works as a classic rotary dimmer.
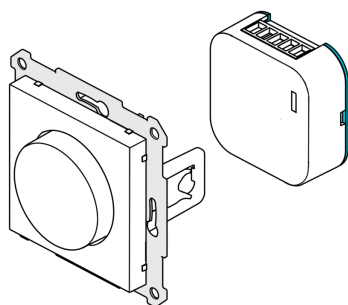

- Double clicking the dial can be used for controlling a scene.
- Configure settings with the Plejd app.
- Center plate and dial are included for 55 mm frames. For color options see article list.
